

Date: May 14, 2021

I wish to extend my sincere thanks and appreciation to those who participated in our recent planning study. We received a wonderful response, and the feedback is extremely beneficial as we look to the future of Hayden Catholic High School.

After gathering and analyzing data from the study, representatives from the Steier Group reported their findings to the Advancement Committee of the Board of Trustees. Based on the feedback the Steier Group shared, we learned there is significant support in our community to address infrastructure repairs and upgrades, to provide for educational enhancements and to help solidify funding for tuition assistance. Respondents, not surprisingly, also indicated the need to prioritize the project goals, provide greater definition, and clearly present the anticipated timeline for completion.

We also learned:

- 84% of respondents are personally in favor of a stewardship campaign
- 80% of respondents will make a personal gift to the campaign
- 49 respondents indicated they would serve in a leadership position

Based on the information above, and the Steier Group's recommendation, we have received approval from Archbishop Naumann to move forward with a stewardship campaign. We will continue to keep you apprised of our efforts in the coming weeks. In the meantime, I have enclosed a summary of the planning study results for your review.

Once again, thank you to those of you who participated in this critical study for Hayden Catholic High School. Your input will help to ensure the success of our upcoming campaign. With the Lord guiding us and our school, I have no doubt our efforts will be abundantly blessed.

Blessings,

A handwritten signature in blue ink that reads "Shelly Buhler". The signature is written in a cursive, flowing style.
