Hayden Community -

With the conclusion of finals on Wednesday and state track today (good luck tracksters) and tomorrow, we will officially wrap up the 21-22 school year. Planning for the 2022-23 school year has already begun and we look forward to updating you over the summer as we progress through our plans. Final grades are available on PlusPortals. Transcripts will be updated (for underclassmen) on Parchment by June 6.

As we reflect on the past year we think about all the accomplishments:

- Planning and construction of the Blessed Mary's Grotto
- Celebrating 110 years of Education at Hayden Catholic High School
- The launch of the *Honoring our Tradition, Investing in our Future* stewardship campaign
- Implementation of the Hayden Hall of Fame
- Celebrating 89 seniors who are now Hayden Alumni
- Completion of a successful Cognia external review

Maura Strickland will be staying home with her new daughter next school year. We wish her well as she begins a new chapter and we appreciate the time and dedication she has given Hayden in her tenure.

As a reminder, we want to share our Summer Office hours. Please know, we are happy to make an appointment but our normal office hours will be as follows:

- May 31 - June 30 - 9am - 1pm - Monday - Thursday
- July - By appointment
- We will resume regular office hours on August 1, 2022 7:30am - 3:30pm

Please visit our website for emails and phone numbers of office personnel, or you can send requests to haydencatholic@haydencatholic.net.

The At-A-Glance calendar link is [HERE](#) to ensure you know the dates for orientation and when school starts in the fall.

June is just around the corner and our new Tuition System, FACTS, will be processing tuition payments. We encourage all of you to sign into your FACTS account, review your tuition amounts along with the credits (multi-student discount, tuition assistance, etc..) and make sure your account looks correct. If you have questions, please contact Janet

Schumacher at schumacherj@haydencatholic.net prior to June 9 as the payments will be processed on the 10th or the 25th of each month.

The City of Topeka will begin mill and overlay work on Gage on May 31st. Work will be south of 6th Street on Gage Blvd. and then north to Emland Dr. Traffic will be open at all times, but there won't be any left turns allowed for northbound traffic. That means anyone wanting to enter Hayden will need to come from the north from I70. The city will also be reconstructing the drive entrances to Hayden. We will have visuals and share them with you once we have them. Please be patient and use caution during this construction. Parents, please speak with your students and stress the importance of following the traffic flow and entry onto the Hayden campus.

God Bless,

Mr. James Sandstrom and Mrs. Shelly Buhler
