Hayden Community -

The Hayden team is working on the transition into our new school system called FACTS. This tool will allow us to better manage our Tuition Assistance, Tuition Payment and our School Information System (class schedule, grades, attendance, etc.). We look forward to having a more robust system for our school families and our instructors. We will send you updates on what you will need to do in order to connect to your FACTS family portal so watch your emails! We also ask for your patience as we learn this tool.

We also want to welcome the newest member to our math department, Richard “Kent” Brown. He has 31 years of math teaching experience. He will be teaching Algebra I, Geometry, and Honors Geometry. Welcome to the Hayden faculty!

Annual Appeal

June 30 is the end of our fiscal year. Our goal for the Annual Appeal this year is \$300,000 and we are currently at \$114,000. Friday, we will have a social media blast called “\$50 Dollar Friday” and we are asking everyone to consider a gift. Funds raised during the Hayden Annual Appeal help close the gap between tuition and the actual cost of educating a student. Every gift to the Hayden Annual Appeal is essential in helping us offset the funds needed to supplement the amount needed for tuition assistance. Please help Hayden by making a donation [HERE](#).

Blue & Gold Golf Tournament

Don't forget to sign up for the [Blue & Gold Golf Tournament Registration](#) or consider being a [Hayden Sponsor](#).
